

Workshop on “Life Sequence Analysis”

Time: August 30-31, 2016

Organizer: Institute of Sociology, Academia Sinica; Program for Historical Demography, RCHSS, Academia Sinica

DAY 1

Venue: 802 Conference Room, 8th Floor of South Wing, Humanities and Social Sciences Building(HSSB), Academia Sinica

Tuesday, August 30, 2016	
09:00~09:30	Registration
09:30~09:40	Opening Remark by Wen-Shan Yang (Research Fellow, Institute of Sociology, Academia Sinica)
09:40~10:30	Session 1: Describing and Summarising Sequences Session 2: Graphical Representations: Chronograms, Index Plots
10:30~10:40	Tea Break
10:40~12:00	Session 3: The Principles of Determining Distances Between Sequences Using OM and Other Distance Measures Session 4: Parameterising (Determining Substitutions Costs, Etc.)
12:00~13:30	Lunch
13:30~15:00	Session 5: Typical SA workflows (Including Cluster Analysis and MDS of the Distance Matrix, Analysis of Dyads, Etc.)
15:00~15:20	Tea Break
15:20~17:00	Session 6: Using Stata Utilities for Sequence Analysis, Particularly the SADI Suite

DAY 2

Venue: Media Conference Room, 3th Floor, Humanities and Social Sciences Building(HSSB), Academia Sinica

Wednesday, August 31, 2016	
09:20~09:30	Registration
09:30~10:30	Computer Hands-On Analysis I
10:30~10:40	Tea Break
10:40~11:30	Computer Hands-On Analysis II
11:30~12:00	Discussion
12:00~13:30	Lunch
